April 29, 2007

Mills Properties, Inc. is happy to announce the St. Louis Apartment Association at its 2007 Rising Star Awards Banquet on Friday April 27, has awarded New Town Properties, LLC,

The Apartment Mansion Property of the Year for 2007

Connie O'Neil, Property Manager, was honored to accept the award for The Apartment Mansions and New Town Properties, LLC.

The Apartment Mansions were nominated for this award in February of this year. Independent judges from the Kansas City Apartment Association had the difficult task of judging the nominees for the Post 1990, 1-200 unit developments.

Their task included not only visiting the sites, but interviewing the Property Manager and a tour of the facilities. Formal letters and photo's had to be submitted to the Association. The SLAA always strives to seek the properties that offer out of the ordinary homes, amenities, customer service, and community for their residents.

One question that was asked Connie, "So what has this new urbanism development off Hwy. 370 and New Town Blvd. achieved?" She asked, "How long do you have for me to answer?" The Apartment Mansions are part of an all inclusive community that makes every resident, whether leasing from The Apartment Mansions or home owner, feel like they are home and neighbors. They are a part of a community of churches, activities, groups, that welcome them. Where you can walk and bike to Marsala's Market, Prancing Pony Café-Bookstore, Rudy's Ribs, Torta Della's Pizza, a Town Hall, and outdoor amphitheater where so many free activities take place. Our residents in The Apartment Mansions have access to all the amenities including the New Town Fitness, and the new Shire Lane Pool Club which will include a lazy river, lap pool, leisure pool, and children's area this summer. You can fish, swim, kayak, and canoe on the lakes and canal. Oh, and we do a lot of porching in the summer.

Congratulations New Town Properties, LLC
